

ENGINE DEGREASER

Description

BENZOL® Engine Degreaser has superior formula that safely and effectively cuts and removes stubborn grease, dirt and stains from most surfaces. It is especially formulated to clean your engine parts, metal parts and heavily soiled greasy surfaces with mild lemon scent. It is safe to use on ovens, tiles, stainless steel and other surfaces. All the ingredients are biodegradable.

Application and Protocol

BENZOL® Engine Degreaser helps to remove grease, oil, and dirt from engine surfaces. To use it, spray or apply the degreaser evenly on the dirty area. Then, scrub the surface gently with a brush or sponge to clean off the grime. After scrubbing, rinse the area well with water to wash away the dirt and degreaser. This will leave the engine clean and looking fresh.

Ingredients

Aqua, Methoxy propanol, blend Alcohol ethoxylates, sodium tripolyphosphates, Sodium Meta Silicate, preservatives, colorant and perfume.

Technical Specifications

Tests	Results
Appearance	Clear
Odor	Regular
Color	Natural/Blue
pH Value	10.0 ± 0.5
Specific Gravity	1.03 ± 0.01
Solid %	Nil
Solubility	Soluble in water

Performance Benefits

- Effectively removes grease, oil, and grime
- Saves time with quick and easy application.
- Easy to Use
- Improves Engine Appearance
- A clean engine makes it easier to spot leaks or damage
