

FUEL INJECTOR CLEANER

Description

BENZOL® Fuel Injector cleaner is for the cleaning and maintenance of injectors in diesel and motor vehicles. Additive with great detergent power that eliminates impurities that may obstruct the injectors of diesel and motor engines. Keeps the induction system clean, preventing the formation of deposits in the injectors.

Applications

BENZOL® Fuel Injector cleaner, Diesel and motor Fuel System Cleaner is uniquely designed to be a one-tank cleanup solution that will clean diesel injectors and keep them performing like new. It can be used with all types of diesels and motor fuel including ultra-low sulfur diesel, bio diesel blends.

Direction to use

- Wait till fuel is low (¼ tank or less).
- Pour entire contents into gas tank.
- Fill up the tank to mix it well.
- The cleaner works while you drive.

Performance Benefits

- Cleans and keeps injectors clean, extending their life
- Reduces smoke, emissions, and breakdowns.
- Increases engine efficiency and stabilizes fuel consumption.
- effective in conventional as well as biodiesel blend fuels.
- Removal of the natural buildup of carbon deposits through the entire fuel system.
- Improve engine responsiveness, drivability and engine noise reduction

Product/Part Number

IC04000644 24x300

Technical Specifications

Tests	Results
Appearance	Clear & Bright
Color	Light Yellow
Odor	Solvent
Density @ 25°C, Kg/l	0.795
Volatile, %	<0.001
Water Solubility, %	≥85
